

# Together, we win.

## Your vision can become reality.

Finding the right integration solutions partner is key to executing your vision to implement full automation solutions. When you partner with QComp, we can bring that vision to life and help you control your business operations.

### Why QComp?

For over 30 years, our team has built a solid reputation in the automation and robotics integration industry. Our extreme passion for innovation and customer success, combined with the highest quality components available in the automation technology market, have resulted in a reputation for exceeding world-class standards for robotic systems. Our extensive experience allows us to meet your unique needs and serve as an extension of your engineering team to help you run a more efficient business.

QComp is 100% employee-owned and part of the OwnersEdge portfolio of companies. As an employer, QComp attracts, develops, and retains people who demonstrate an ownership mentality – the type of people who thrive in – environments in which they're empowered to take action, take responsibility ... and take our company, and yours, to the next level.

## We conquer complexity.
